In Memoriam

Bobby Schultz

For his tireless efforts and genuine enthusiasm for all the interests of our school, we hereby dedicate this issue of the BECKVILLIAN to our genial Superintendent of Schools, Mr. R. C. Beauchamp.

Superintendent's Message

Dear Students:

On the pages of this book you find an account of the school-year 1953-54. Whether the school-year has been a success or not or whether this book is everything you would have it to be, you must remember that as students of this school, you are a part of its successes or failures. So it is with life. If we would better our own condition, we must expend our best efforts. We appreciate those things most that we have to work the hardest to get.

As you turn the pages of this book, may you have fond remembrances of things which have passed but look with hope for better and greater things yet to come.

Sincerely,

R. C. Beauchamp

R. C. Beauchamp

Principal's Message

Dear Students:

Recorded on the pages of this BECKVILLIAN are sketches of another year of progress for the Beckville schools. The BECKVILLIAN staff and its sponsor are to be commended for the time and effort that they have expended in presenting to you this yearbook depicting these memorable experiences.

For some, this year marks the end of an era in your life. To you who are graduating, our sincere hope is that you will apply yourselves earnestly and diligently to the tasks that are before you. May you ever strive to uphold those ideals of democracy that have made this nation great.

To you who will remain in school, let me urge you to accumulate a record that will show to society that you have done your best to become good citizens.

Sincerely,

Pete Minter

**BECKVILLE
PARENT-TEACHER ASSOCIATION**

Organized in 1920

OBJECTS

To bring into closer relation the home and the school, that parents and teachers may cooperate intelligently in the training of the child.

To raise the standards of home life.

To secure adequate laws for the care and protection of children and youth.

To promote the welfare of children and youth in home, school, church, and community.

To develop between educators and the general public such united efforts as will secure for every child the highest advantages in physical, mental, social, and spiritual education.

"Democracy is honest disagreement. It is the right to hold the opinion you believe in, and to fight for it with self-respect and determination. The virtue of democracy is not cold order. It is the heat of men's minds rubbing against each other, sending out sparks. It is a struggle that never ends and is always worth the fight."
